# /.net Tour Guide

## Foreword from the Author

TimelandIsWacky

“We’re gonna get there, we don’t need no whereabouts...”

Europe’s residency tour was an absolute treat for those who attended and those who were able to catch the streams: five incredible venues with fifteen unforgettable shows (as well as one wild DJ set from Ambrose, Cavs, Cook and Joey). This was supposed to be followed up with a three night residency at Bonnaroo in the US, but after heavy rain in the forecast cancelled the entire festival, we were left to wait a bit longer. Yet here we are after a month-long break with the Phantom Island tour! Eight cities across the country will hear the new album front to back with some other songs thrown in. Sarah Hicks will accompany the band through the whole journey to conduct seven different orchestras. That’s not to say it’s all orchestral however, as there will be a few rock shows scattered throughout, namely at Field of Vision – a Gizzard-organized festival in Buena Vista, Colorado!

This guide would not have been possible without the [KGLW.net](#) team!

Special thanks to Eric “Rowdy” for not just contributing to the guide but for kicking the entire thing off and coming up with the idea!

We would also like to thank Jorclank for the wonderful art on the back cover and [Weirdo Swarm](#) for compiling fan meetups.

### **Conductor introduction:**

Sarah Hicks has been interested in music since she was a kid. She picked up piano and violin but was prevented from playing after some unfortunate hand injuries. One day when she was feeling down, her dad told her that she could "still hold a stick." This started her passion for conducting, one which has led her to work with numerous high profile orchestras across the world as well as many famous artists like Roseanne Cash and Sting. While she's often working with artists across the globe, she's also the principal conductor for Minnesota Orchestra's Live at Orchestra Hall series.

*Recommended performance: "A Fistful of Dollars" by Ennio Morricone (with the Danish National Symphony and Tuva Semmingsen)*

### **Opener introductions:**

DJ Crenshaw: Singer Chris Shaw (Ex-Cult/GØGGS/Memo PST) spins vinyl under the name DJ Crenshaw. His sets focus on a wide range of garage, punk and classic rock – from Brian Eno to The Chocolate Watch Band. He has opened for King Gizzard since 2022.

*Recommended listening: Negative Growth (2016)*

U.S. Girls: Ironically a Toronto-based project, U.S. Girls is the project of Meghan Remy and has been releasing music since 2008. Her blend of experimental-pop and alternative has garnered critical acclaim, including a nomination for the 2023 Polaris Music Prize. U.S. Girls will only perform at the Forest Hills rock show.

*Recommended listening: Scratch It (2025)*

## Who We Are & What We Do

---

KGLW.net started in October of 2022 after our founders saw the band, wanted to check show stats, and did not have a great site to do so. Now, years later, we have had hundreds of fans contribute their knowledge, skills, time, and passion into making our site the most complete fan site for all things KGLW.

### **Setlists:**

KGLW.net contains the most up-to-date catalog of every King Gizzard and The Lizard Wizard live show, including detailed and annotated setlists which provide in-depth stats for you to enjoy. KGLW.net allows you to:

- [Create an account](#) to track your stats and submit show reviews
- [Search for show stats](#) by location, tour, & song
- Find teases, debuts, banter, and bustouts
- Read through our [notable versions](#), or performances that stand out from the rest
- Sort songs by date played or track length

### **Blog:**

Our blog [The King Gizzette](#) was introduced two months after the site's launch and has been home to tons of different write-ups from KGLW.net volunteers. These include [show recaps](#), [interviews](#), [tape recommendations](#), [community spotlights](#) and [Gizzverse deep dives](#). It's also home to updates on our site and our preservation efforts, such as the [discovery of the second oldest fully recorded show](#).

### **Gizzverse Guide:**

[The beginner's guide to KGLW](#). This is not the first or last dedicated guide for getting into King Gizzard. It was originally developed on the Boiler Rhapsody music blog and discretely hosted there while sourcing collaborators. Once Boiler Rhapsody's editor/author found kglw.net, it was quickly realised that both projects were suited for each other and merged.

### **Song Histories:**

The [song histories project](#) may be the most comprehensive guide to the band's music that has ever been published. Site writers TimelandIsWacky, W.B.T.G. Slinger, and RattleRattleRattle took up the task of preserving the stories of the band's discography by writing detailed pages for every song the band has written or performed. These include facts which were previously unknown until the project started. To read a song history, [click the song](#) that you want to learn about and then the "history" tab.

### **Biography of Gizzard:**

Written by site writer W.B.T.G. Slinger, the [band bio](#) is a comprehensive history of the group starting from Stu's first experiences with music up to the current day. Chapters are still being released so it's one to keep an eye on!

### **Gizz Tapes:**

[Gizz Tapes](#) is an interface for all of the fan-made recordings and tapes on the Internet Archive that combines the audio with data from our site. You can access it on the website or use the [Android app](#).

### **KGLW.net Forum:**

[Our forum](#) has been running since the summer of 2023. On it are threads for a bunch of Gizz-related topics including (but not limited to) Gizzard news, ticket exchanges, related artists, and album discussion. The forum also hosts live threads for King Gizzard shows where you can join in and discuss as the band plays.

### **Han-Tyumi:**

[Han-Tyumi](#), created by volunteer developer cwar, is an OpenAI-powered chatbot which is all about King Gizzard. Start by choosing if you have an "interview question" or a "setlist question" and have a chat with our artificial intelligence overlord! Source code and technical details can be found on [Han-Tyumi's blog post](#).

## The Book – Tour Guide

2025 US Tour

*While we know that Phantom Island will be played in its entirety this tour, the rest of the set has been the topic of great discussion. Here's our hopes and guesses for these shows:*

AlteredBeef: Change, Astroturf, Exploding Suns

Ashley: Crumbling Castle, Intrasport, Interior People

Listening Wind: Altered Beast suite

Rattle: Float Along – Fill Your Lungs, Superposition, Lava

rspro: Sense

TimelandIsWacky: Dragon, Theia

W.B.T.G. Slinger: The River

yoshigem: Crumbling Castle > The Fourth Colour

Make sure to follow us on our our socials to stay up to date! You can join the Live Show Discussion on the Forum and Reddit.

# General Tour Tips:

- If you see something, say something. Alert security if someone is overstepping their boundaries, ignoring someone's consent, or has had a little too much anything...
- If you're going to the mosh pit, brush up on some [mosh pit etiquette](#) to ensure that everyone is safe and having a good time. We also suggest you read [how to stay safe in a crowd crush scenario](#).
- Poster designs, quantities, and details are announced the day of the show. Usually there is a standard poster and a far more limited foil edition. Both typically sell out within thirty to sixty minutes after the doors open.
- Looking for last minute tickets? [CashorTrade](#) has a bunch of tickets at face value, sold directly by fans.
- Bring earplugs to avoid hearing loss. Noises above 100 db can alter your hearing after fifteen minutes.
- [There won't be official streams of the orchestral shows on the band's YouTube page due to their contracts](#). There may be fan-run streams for these shows. That said, it's likely that there will be streams for the rock shows.
- More can be found on our [Anatomy Of A King Gizzard Show blog post](#).

# The Mann Center

July 28th, 2025

5201 Parkside Ave, Philadelphia, PA 19131

## Venue Info

Opened in 1976 as a summer home for the Philadelphia Orchestra and hosting everyone from Aretha Franklin to Phish, the Mann Center for the Performing Arts is a 14,000 seat venue in West Fairmount Park. The show is happening rain or shine and there is no re-entry. Bags must be 12" x 6" x 12" or smaller. One 20oz factory sealed water bottle is allowed, same with refillable water bottles. Umbrellas and blankets are also permitted. The venue's prohibited items include (but are not limited to) outside lawn chairs, cans/kegs, glass containers, and long stick umbrellas/golf umbrellas/umbrellas with points. Photography is also not allowed. The Mann is cashless so don't expect to use cash. More info can be found [here](#).

## Local Rundown

Parking at the venue is free and can be accessed at Belmont Ave & Montgomery Dr (additional entrance at 52nd St). That said, parking is limited so make sure you get there early. There's a dedicated rideshare area at the North Gate on George Hills Dr. If you want to take the SEPTA bus [the Mann has its own bus loop for shows!](#) There are also stations for IndeGo bikes as well as bicycle parking at the South Gates. More travel info can be found [here](#). Weed is illegal but decriminalized in Philadelphia. Regardless, the venue is smoke free.

# Fan Meetup Fat Lady Brewing

4323 Main St,  
Philadelphia, PA  
19127

Day of show:  
12–6pm

Organized by:  
@thirdeyetaylor

## Local Attractions

Not far from the Mann you'll find the Philadelphia Zoo and the Please Touch Museum, both only five to ten minutes away. Just past those attractions is the world-renowned Philadelphia Art Museum. If you're in Center City, the Liberty Bell and Independence Hall are obligatory landmarks to visit. Also of note is the slightly macabre Mütter Museum of Medical History, a place to kill time and contemplate what is weak and organic (get it?).

## Food & Drink

There are multiple food and drink options at the Mann, but if you're looking to dine beforehand note that the immediate area is mostly residential. Local favorites across the city include Wissahickon Brewery in East Falls and Bud & Marilyn's in Gayborhood. (Yes, actually the name of the neighborhood and a great place to hang out.) Reading Terminal Market, smack dab in the middle of Center City, features a wide variety of vendors and restaurants. The best cheesesteak in Philly is always up for debate, but reliable sources tell us you can't go wrong with Angelo's in South Philly. Be sure to call ahead and plan on a bit of a wait. If you want quality cheesesteak closer to the Mann, make Dalessandro's your first stop. Chubby's, just across the street, is an acceptable back-up plan.

## Orchestra Introduction

Initially titled the Concerto Soloists Chamber Orchestra, the Chamber Orchestra of Philadelphia formed in 1964 with a focus on baroque and classical period works. Think Mozart, Vivaldi, Haydn, Handel, Bach. Their roster of performances is a "who's who" of talents: Opera singers like Luciano Pavarotti and Plácido Domingo, classically trained musicians like Joseph Silverstein and Vladimir Ashkenazy, and rockers like Ben Folds and Elvis Costello. While the Mann is home to the Philadelphia Orchestra, the Chamber Orchestra of Philadelphia is no stranger to the stage with numerous performances over the years. They just played with Beck here last year, believe it or not.

# WELCOME TO Westville Music Bowl

July 30th, 2025

45 Yale Ave, New Haven, CT 06515

## Venue Info

Part of Yale University, the Westville Music Bowl is an old tennis field turned music venue which opened in 2021. It's been a popular spot for jam bands like Gov't Mule, Goose, Joe Russo's Almost Dead, Disco Biscuits, Umphrey's McGee and (debatably) now King Gizzard. Bag policy allows clear plastic/vinyl/PVC tote bags no larger than 12" x 6" x 12". Factory sealed water bottles up to 20oz are allowed, so are empty refillable water bottles up to 32oz. Empty poster tubes are allowed. The prohibited item list includes lawn chairs, outside food and alcohol, and cans. Cameras with detachable lenses are also not allowed. Re-entry is prohibited. Their FAQ can be found [here](#).

## Local Rundown

There are multiple paid parking spots at Westville Music Bowl and you can reserve a spot [here](#). Street parking is also allowed, just be wary of any signs. Tailgating is not allowed. [Weed is legal in Connecticut up to 15oz for those over 21](#). In fact Westville Music Bowl has [partnered with Hi! People to allow delivery to the venue](#).

# Fan Meetup Camacho Garage

36 Fountain St,  
New Haven, CT  
06515

Day of show:  
12–4pm

Organized by:  
hazelbudsclayco

## Local Attractions

You won't find too much close to the venue, so be prepared: New Haven is dominated by car travel. In the city, Yale University campus offers some beautiful architecture as well as the University Art Gallery and Peabody Natural History Museum (both of which are free). Most of the city shore is taken up by highway and industry but Hammonasset Beach State Park is worth the twenty-five minute drive east. Hang out for the morning, walk the beach, and find Meigs Point Nature Center with all sorts of sea and land animals. Snag some of the shore's fried seafood at Lenny and Joe's Fish Tale while you're out there. There's a multitude of natural shore sights and bird watching locations to be had on the way back through the city and to the venue.

## Food & Drink

As the home of New Haven style pizza, it's hard to go wrong with just about any pizza place. Frank Pepe Pizzeria Napoletana claims to be the originator of the style, so you can start there for a good slice and continue on Wooster Street for plenty of eats (Sally's Apizza and any number of fancy sit down Italian places). If you're coming in thirsty from Philly, Two Roads Brewing is a great place to stop in Bridgeport. Otherwise, downtown on Crown St. you'll find Barcade (arcade and drinks), Firehouse 12 (a record label, bar, venue, and recording studio), and Ordinary (\$\$\$).

## Orchestra Introduction

Named after Greenwich Village's historic [Church of St. Luke in the Fields](#), the Orchestra of St. Luke's (often abbreviated to OSL) is well-loved with countless performances at iconic venues over the years, including a longstanding relationship with Carnegie Hall. In fact, [OSL is the only organization to host a series in all three venues at Carnegie](#). While initially started as a group of a little over twenty musicians, the current roster can be as high as thirty depending on the show.

# WELCOME TO Forest Hills Stadium

August 1st-2nd, 2025

1 Tennis Pl, Forest Hills, NY 11375

## Venue Info

After two momentous marathon shows in 2024, Gizzard return to Forest Hills with both an orchestral show and a rock show! This is a 13,000 seat outdoor stadium built for tennis. Forest Hills is a residential neighborhood so please be respectful of your surroundings. Dress for the weather because this is happening rain or shine. Bags above 16" x 16" x 8" are not allowed and the list of prohibited items includes (but is not limited to) coolers, chairs, umbrellas, and large backpacks/duffel bags. Audio/video recording equipment is also not allowed. Forest Hills allows refillable plastic water bottles, just remember to bring them empty. They have also allowed poster tubes in the past. Bag check can be found past the box office near the main gate. Re-entry is not allowed. More info can be found [here](#).

## Local Rundown

The entrance is at Burns St near 69th Ave. The best way to get there is by train. You can use the MTA subway (hop off at 71st Forest Hills) or the Long Island Railroad (hop off at Forest Hills, make sure you're in one of the first six cars). There are parking lots and occasional street parking spots but [the venue does not recommend it out of convenience](#). They also recommend ride-shares and taxis to pick up at the corner of 71-Continental Ave and Queens Blvd. [Weed is legal for those twenty one and older](#) but smoking is not allowed inside the venue.

## Local Attractions

So many places to recommend that we can't possibly include everything, so let's keep the easy answers out and focus on some obscure and free attractions. Wonderville in Brooklyn is a music venue and arcade featuring independent, custom-made arcade games. If you take Broadway down you'll end up at Baby's All Right, where King Gizzard held a formative residency back in 2014. Head over to Greenwich Village and give yourself a [self-guided Bob Dylan tour](#). Make a stop at Record Runner on Jones St too, right where the album cover of *The Freewheelin' Bob Dylan* was taken. If you're looking for things to do that are free, check out Central Park and the Staten Island Ferry. Queens Botanical Garden also has free admission on certain days at certain times. A twenty-minute walk away from Forest Hills Stadium is the birthplace of the Ramones: "[the ramp](#)."

## Food & Drink

Do we even need to recommend spots in New York? You'll find something good anywhere you go! However, try to avoid the tourist traps in places like Times Square and go for independent places. You don't need Junior's cheesecake, trust us on this one. Previously, the meetups have been great places to grab a bite and beverage, and the Cobblestones Pub is no exception. Check the meetup section for more info.

## Orchestra Introduction

The Orchestra of St. Luke's is the only organization playing twice on this tour, as they return for the first of the two nights at Forest Hills. While we covered their history for New Haven, it's worth noting that the orchestra has seen some success even beyond the New York circuit. For instance, they have been involved in four Grammy-winning albums.

# WELCOME TO Merriweather Post Pavilion

August 4th, 2025

10475 Little Patuxent Pkwy, Columbia, MD 21044

## Venue Info

Sweet summer night at Merriweather Post Pavilion. Will it be just like what you're dreaming? Probably! Obligatory Animal Collective references out of the way, this 19,319 seat venue has hosted the greats, though its history with rock and roll is a bit spotty (the genre was banned multiple times in the '70s due to rowdy fan behavior). This is King Gizzard's first time playing Maryland and we hope it's not their last. As for venue rules, bags can't be larger than 13" x 15" and backpacks/backpack-style purses are not allowed. Prohibited items include (but are not limited to) bottles, glass cans, grills, and tobacco/vapes/e-cigarettes. Recording devices and cameras with detachable lenses are also not allowed. Lawn chairs are permitted depending on the show. Re-entry is prohibited. For more information, [check out the venue's FAQ](#).

## Local Rundown

Parking is free and abundant, to the point where they tell you in their FAQ you don't even need to reserve a space. [Weed is legal in Maryland for those over 21](#). # Fan Meetup Black Flag Brewing

9315 Snowden River  
Pkwy, Columbia, MD  
21046

Day of show:  
1-5pm

Organized by:  
Scizzardland

## Local Attractions

Columbia may be the second most populous city in Maryland but it consists mostly of suburbs. If you venture north into Baltimore proper you'll find the Baltimore Museum of Art, the Edgar Allan Poe House and Museum, the B&O Railroad museum, and many attractions around the Inner Harbor and Fells Point. The Aquarium, Historic Ships in Baltimore, Maryland Science Center, and American Visionary Art Museum are all within close proximity of the downtown harbor and could easily fill a whole day.

## Food & Drink

Merriweather Post Pavilion has a number of mall-like areas surrounding it with plenty to eat for all diets. If you're looking for good crab, you'll have to head downtown to Fells Point or Nick's Fish House south of the city. It is this author's opinion that Wegman's is the only regional grocery store in America worth visiting and it sits southeast of the pavilion. The venue allows a limited amount of outside food, so grab some snacks for the performance. Nearby, locally-owned, and outside-the-mall restaurants include The Food Market and El Gran Sabor.

## Orchestra Introduction

The National Symphony Orchestra has its home at the Kennedy Center in D.C., and while the building opened in 1964, the orchestra dates back to 1930. Over the years they've done just about everything from crossing genres to collaborate with artists like Nas and Zakir Hussain, to performing for presidents. While the name might suggest that they're a federal entity, they are not. Playing Merriweather Post Pavilion might sound a bit odd for an organization based in Washington, but the venue was actually built for them, though its plans to become their home never seemed to materialize.

# WELCOME TO Ravinia Festival

August 6th, 2025

201 Ravinia Park Road, Highland Park, Illinois 60035

## Venue Info

Ravinia Festival is a long-running venue in the town of Highland Park, about an hour out of downtown Chicago. Started in 1904 as an amusement park, the venue has primarily focused on classical and jazz acts but has also hosted cutting edge artists like [Bob Dylan](#) and [The Mothers of Invention](#) early in their careers. This is a historic venue in a residential neighborhood, so please be respectful of your surroundings. King Gizzard will play in the Pavilion, a 3,350 seat amphitheater with extra space on the lawn. [A map of the grounds can be found on their website](#). You are allowed to picnic at Ravinia though food is not allowed in the Pavilion and drinks are only allowed in paper/plastic containers 24 oz or smaller. [Prohibited items include \(but are not limited to\) signs/banners, grills, beer kegs, bicycles/scooters/skates, tents, and umbrellas over six feet in diameter.](#)

## Local Rundown

Please give yourself a lot of time as traffic can be slow [especially with construction on the Kennedy](#). Street parking is not allowed but there are multiple parking lots with the main lot (referred to as the west lot) at 201 Ravinia Park Rd. There is also a remote parking lot at 1710 St. Johns Ave which has shuttle buses, though this may not be open for the event. Put the west lot into your GPS if you're taking a car as putting in Ravinia will try and take you into the venue itself instead of the lot. The Union Pacific North Metra line out of the Ogilvie Transportation Center has a [stop at the venue](#) although you can also use the [Braeside stop](#) a quarter of a mile away. [More travel information for the venue can be found on Ravinia's website](#). Weed is legal for those over 21 but the venue is smoke free.

Give yourself time.

## Local Attractions

The attractions at the museum campus are always an easy recommendation but the Museum of Science and Industry is also a fantastic place to check out with amazing exhibits on Gizzard-related topics like weather, industrialization, and outer space. For those interested in art the Art Institute of Chicago and Museum of Contemporary Art are essentials. Lincoln Park Zoo is free and has a great selection of animals from across the world. Some other standout attractions include Garfield Park Conservatory, the Chicago History Museum, and the International Museum of Surgical Science. If you're looking for something to do in Highland Park, check out the Kaleidoscope Heart Market as well as the Heller Nature Center and Rosewood Beach. In the neighboring town of Glencoe is the Chicago Botanic Garden, which features twenty seven gardens across multiple islands. If you have a lot of time to spare, drive up north and visit Six Flags Great America.

## Food & Drink

There are multiple dining options at the venue, ranging from concession carts to restaurants and bars. That said, Chicago is host to many great restaurants. We must mention the Weiner's Circle, Giordano's, and Lou Malnati's as options, as well as Handlebar and Kitchen 17 for vegan options. As for Highland Park, check out Ravinia Brewing Company, Bluegrass, and Manna Kitchen. If you want to grab some tea and vegan pastries and are a fan of the Smashing Pumpkins, check out Madame Zuzu's, which is owned by Billy Corgan.

## Orchestra Introduction

Started as the Orchestral Society of Illinois in 1989, the Chicago Philharmonic is one of the most celebrated in the city with around two hundred performing members. While they are often working with traditional classical scores, they've also done conventional mainstream works, covering the soundtracks of various films/video games and working with artists from Johnny Mathis to Bob Weir. Ravinia has been the Philharmonic's summer home since the late '80s/early '90s.

# WELCOME TO Ford Amphitheater

August 8th, 2025

95 Spectrum Lp, Colorado Springs, CO 80921

## Venue Info

This privately funded, 8,000 seat venue is very new with its first show on August 9th, 2024 □ a year and a day off from today. Off in the distance is Pikes Peak, and the Ford Amphitheater touts its scenic view of the sun lowering behind the mountain. This show is rain or shine. The venue's bag policy allows for one clear bag no larger than 12" x 6" x 12" or a one gallon clear resealable bag. It also allows clear fanny packs no larger than 13" x 6" x 3" and clutch purses no larger than 4.5" x 6.5". On their long list of prohibited items are coolers, large umbrellas, signs, tarps, unapproved pamphlets/handouts, and metal water bottles/flasks. You can bring in empty plastic water bottles or one factory sealed water bottle (no bigger than 24oz). The Ford Amphitheater FAQ can be found [here](#).

## Local Rundown

There are two parking lots at the venue itself: lot one is for VIP/suite ticket holders while lot two is for preferred parking and carpools (four or more people in one car). However these are not the only spots. Eight to ten minutes away is a Bass Pro Shops (13012 Bass Pro Dr, Colorado Springs, CO 80921) which they recommend as a place to park, and there's a shuttle lot at Compassion International (12290 Voyager Pkwy, Colorado Springs, CO 80921). Street parking is also available but it is limited. More parking info can be found [here](#). A rideshare area can be found near the south entrance. Weed is legal in Colorado but smoking it in public is not.

## Local Attractions

Colorado has an incredible multitude of natural sites but Garden of the Gods is the most famous attraction in Colorado Springs and will give you the best views in the area. Many rock formations, hiking trails, and other natural spots are all over the 1300 acre "garden" to the west of the city. Visit the crumbling (not really) Glen Eyrie Castle north of the garden for some great architecture and better views. Close to the venue, you'll find the Western Museum of Mining and Industry as well as the Air City 360 trampoline park, where you can jump to your heart's content before sitting calmly for the Orchestra.

## Food & Drink

North of the venue near the Bass Pro Shop parking area are some mall-adjacent restaurants like Bourbon Brothers Smokehouse, Heart of Jerusalem, and Vaqueros. Eat in Downtown 20 minutes south for just about every cuisine under the sun at places like The Rabbit Hole (literally underground and Alice in Wonderland themed), Rasta Pasta (Jamaican-Italian fusion), and Gaia Masala and Burgers. And if you can't find a good place for a drink in Colorado, that's on you: even most of the climbing gyms have a bar.

## Orchestra Introduction

Following the dissolution of the Denver Symphony Orchestra due to financial issues in the late '80s, the Colorado Symphony was founded. While there were initially some legal issues, the orchestra would become well established with eighty musicians in its roster who [also serve on their Board of Trustees](#). While the previous orchestra focused on Denver, the Colorado Symphony has expanded with performances across the state, including multiple performances at Red Rocks Amphitheatre. # WELCOME TO Hollywood Bowl

August 10th, 2025

2301 Highland Ave, Los Angeles, CA 90068

## Venue Info

The Hollywood Bowl first opened in 1922 and has hosted just about everyone you can think of. The Beatles played here two years in a row, Jimi Hendrix shredded here while touring *Electric Ladyland*, the Grateful Dead did their last show with Pigpen here in '72, the list of iconic moments is endless. [House rules prohibit kegs, selfie sticks, laser pointers/glow sticks, chairs, throwable items like balls, and more](#). Bags do not have to be clear but must be smaller than 15" x 15" x 22" and able to fit under your seat. The venue allows fans to bring in food and drinks, including alcohol as this is an LA Philharmonic event. That said, they do not allow glass, aluminum cans, and factory sealed bottles over a litre. Refillable water bottles are allowed as long as they're empty. Like with bags, coolers and picnic baskets must be 15" x 15" x 22" or smaller. Picnic areas are first come, first serve and tailgating is not allowed in the parking lots. Poster tubes have been allowed in the past. [More info can be found on the Bowl's website](#).

## Local Rundown

There are multiple ways to get to the Bowl. If driving by car there are official parking lots at the venue and some unofficial lots, but space is limited and it may take a while to leave. Thankfully there are other options to get there. You can also take a bus or shuttle from various spots across Los Angeles. [The bus has a broader area with a set schedule while the shuttle is for lots located closer to the venue and runs every fifteen to twenty minutes](#). You can also [hop off the Metro and take a shuttle there as well](#). Weed is legal in the state of California.

## Local Attractions

If you're at the venue and looking for something to do, check out the [Hollywood Bowl Museum](#). This free museum documents the history of the venue and opens [four hours prior to showtime](#). Outside of the Bowl, the intersection of Wilshire and Fairfax has four different museums: the Petersen Automotive Museum, the Academy Museum of Motion Pictures, the Los Angeles County Museum of Art, and the La Brea Tar Pits. There are many record stores in LA but we recommend Amoeba, the Record Parlour, and Record Safari. If you want something more lowkey, take a drive through Laurel Canyon, which was home to many famous '60s musicians and a key location for psychedelic counterculture.

## Food & Drink

The Hollywood Bowl is not far from Sunset Blvd, so if you don't mind going through crowds of tourists you can visit a number of spots there including 25 Degrees, Johnny Rockets, Mr. Tempo Cantina, and Hard Rock Cafe. There's so many places to eat beyond that area that we can't list them all here, but we'll give a special shout out to the Rainbow Bar and Grill: a historic rock and roll location, home to the infamous Hollywood Vampires and Lemmy's favorite place to drink.

## Orchestra Introduction

Unlike many of the orchestras this tour who are not limited to one venue, the Hollywood Bowl Orchestra is exclusive. Variations of the orchestra have appeared since 1922, though it stopped in the '50s with a revival in 1991. The number of performers ranges from sixty to eighty, many of whom have backgrounds within the music and film industries.

# WELCOME TO

# The Rady Shell at Jacobs Park

August 11th, 2025

222 Marina Park Way, San Diego, CA 92101

## Venue Info

Last year Gizzard gave San Diego an acoustic show. This year it's all about the orchestra. The Rady Shell has [one of the most detailed FAQs in the entire guide](#) but we'll paraphrase it for you. You can bring in one soft-sided bag no larger than 16" x 16" x 8". Reusable water bottles (plastic and aluminum) are allowed for San Diego Symphony performances. [Prohibited items](#) include glass containers, smokeless/chewing tobacco and vapes, umbrellas, and cameras/electronic recording devices with lenses larger than six inches. Poster tubes are also not allowed.

## Local Rundown

If you're coming from Los Angeles, take the Amtrak. As for getting to the bandshell, we recommend the Metropolitan Transit System Green Line trolley to the Convention Center station, but you can also pay for parking ([reserve here](#)). There's also a shuttle at the Hilton Bayfront parking lot (Harbor and Park Blvd) as well as a rideshare area. [A detailed guide for all things travel can be found here](#). Weed is legal in the state of California but you have to smoke in designated areas at the bandshell.

## Local Attractions

The bandshell is surrounded by towns full of attractions. Up north is the Gaslamp Quarter, filled with clubs and landmarks like the Gaslamp Museum. Seaport Village is a shopping/dining complex that, while expensive, is worth a look. It's also near the USS Midway Museum, a navy museum built within the USS Midway itself (see more navy ships down in Coronado). Balboa Park is filled with attractions such as the Balboa Park Botanical Building and Gardens, which is free to enter.

## Food & Drink

For those coming from LA, make a stop in Laguna, Dana Point, or San Clemente for some food. Make sure to grab some Mexican food (we recommend California burritos, baja fish tacos, and micheladas).

## Orchestra Introduction

The oldest orchestra on the entire tour is the San Diego Symphony with a first performance in 1910. However, they're also an orchestra whose fate has always been up in the air. There've been numerous eras of financial turmoil which have caused the orchestra to either stop playing or go bankrupt entirely, but thankfully ([after an over one hundred million dollar donation](#)) they continue to perform. The Rady Shell is the symphony's summer home, and over winter they perform downtown at the Jacobs Music Center.

# WELCOME TO Field of Vision

August 15th-17th, 2025

15264 Co Rd 350, Buena Vista, CO 81211

## Venue Info

The first Gizzard-organized festival since the Return of the Curse of Timeland back in 2022, Field of Vision is a three-day extravaganza with camping, vending, and more. The event is being hosted at Meadow Creek, which has been the site for numerous fests in the past, like Billy Strings' Renewal as well as Vertex Festival. The event will be cashless and will happen rain or shine. The permitted/prohibited lists are separated by venue and campground. The venue allows fans to bring in empty reusable water bottles/hydration packs, e-cigarettes/tobacco vapes, totems/flags, and prescription drugs (must have original pharmacy-labeled container which states the prescription, dosage, and patient name), among other things. Bag policy allows purses, fanny packs, and single compartment backpacks with a maximum size of 12" x 12". Cameras are allowed including GoPros, but professional cameras are not allowed. If you're bringing a totem/flag, please check the rules for them on the fest's website.

## Mirage City

Organized by:  
King Gizzard

Prohibited items for both the venue and campground include (but are not limited to) liquor, glass anything (campground allows handheld and dressing mirrors), weapons/pepper spray, bonfires, fireworks, tiki torches, drones, golf carts/dune buggies/segways/off-road motorcycles, large metal key chains, stickers, and open containers.

Please pick up after yourself and avoid leaving waste like plastic bottles and packaging from your gear. Opt for reusable bottles and open your gear elsewhere. In other words “fuck all of that plastic!” Meadow Creek also allows attendees to donate their used camping gear so that it can be used by unsheltered people in Chaffee County. Just go to a green zone and hand it over. They’re looking for lightly used gear, so keep that in mind.

[Detailed info on all things Field of Vision can be found here.](#)

A map of the grounds can be [found on the fest's website](#). There are three stages. The main stage is in the venue southwest of the main entrance near the pinion tent camping area. The Timeland stage can be found on the path there near a bridge going over Cottonwood Creek. The Phantom Island stage is to the southeast near the safari pond glamping area. Bootleg goodies will be found at Mirage City. If you're looking to set up at Mirage City or to be a craft/food vendor, [apply here](#). There will also be a zine workshop, drag camp, yoga, a late-night cinema, and a record fair as part of the festivities. In addition to everything here, HeadCount will be doing voter registration for those interested.

The grounds open on the 14th at noon but only for Early Arrival vehicle pass holders. General opening is 8am on the 15th. Everyone must be out by 3pm on the 18th. Meadow Creek urges attendees to use the arrival instructions they send out instead of a GPS.

- To park at Meadow Lands you need a weekend or day parking pass. This includes people who plan to park there and stay off-site.
- Meadow Creek is offering official shuttles from Denver International Airport and downtown Denver. Field of Vision is offering a ["walk-in camping" add-on](#) for those joining friends or not receiving setup tents. There will also be shuttles in downtown Buena Vista running on Friday/Saturday from 11am-2am and on Sunday from 11am-midnight. There are two stops: one at the Surf Hotel (1012 Front Loop 1 POB 5246, Buena Vista, CO 81211) and another at the Railroad Street parking lot (203 S Railroad St, Buena Vista, CO 81211). Note that if you plan to use the Surf Hotel shuttle that you'll have to find street parking.
- As for camping, you can't reserve spots, nor can you re-enter at peak hours. No box trucks or trailers are allowed entry. Remember that camping passes are not admission passes. Showers will be offered for \$5 per shower.
- You can bike to Meadow Creek. Bicycles are allowed on the campgrounds but not on the fairgrounds themselves. Please be careful of people around you and make sure to lock up your bike.

## Local Rundown

Buena Vista is nearly 8,000 feet above sea level so you'll need time to acclimate. [Make sure to stay hydrated and limit your alcohol intake](#). Weed is legal in Colorado but smoking it in public is not. More info on Colorado law can be found [here](#).

## Local Attractions

We recommend spending time outdoors. Glenwood Springs Adventure Park is a unique spot, but if you really want to be in the wilderness, drive an hour away from Buena Vista to the Great Sand Dunes.

## Food & Drink

There are food options at the venue, including vegan and gluten-free options. If you don't want to do that however, check out The Lariat, Jan's Restaurant, and Eddyline Brewery.

## Band Introductions

Babe Rainbow: This Byron Bay psychedelic rock band has been at it since 2014, harkening back to the summer of love with catchy pop choruses and vintage production. They've been associated with Gizzard since their start, with Stu producing albums and Eric providing some session work while getting the band onto Flightless. Last October they signed to p(doom), making them the first band to do so (not counting Gizzard's side projects). Their most recent album *Slipper imp and shakaerator* was produced by Stu and released April 4th.

Recommended listening: *Today (2019)*

DJ Boogie Boudreaux: Tyler Boudreaux is a DJ on Los Angeles' own KCRW (89.9FM). Her playlists contain a wide variety of genres, switching from dance and electronic music to modern garage and psychedelic rock (including Gizzard). She's also an activist, leaving radio for a time to focus on Black liberation. Her work in the field of radio carries her politics, as seen with her production and reporting work for *Move The Crowd*.

Recommended listening: *any of her playlists*

DJ Crenshaw: Singer Chris Shaw (Ex-Cult/GØGGS/Memo PST) spins vinyl under the name DJ Crenshaw. His sets focus on a wide range of garage, punk, and classic rock – from Brian Eno to The Chocolate Watch Band. He has opened for King Gizzard since 2022.

Recommended listening: *Negative Growth (2016)*

DJ Jello Biafra: As vocalist and primary songwriter of the Dead Kennedys, Biafra's distinct stage presence, provocative lyrics, and progressive political activism would lay the foundation for countless hardcore bands in the coming decades, while his independent label Alternative Tentacles would be the starting point for groups like Butthole Surfers and D.O.A.. After the Dead Kennedys split following an obscenity trial and growing discomfort with the state of punk, Jello would continue to grow his label while working on his own projects like the Guantanamo School of Medicine and a number of spoken word albums. In recent years Jello has branched out to do DJ sets – selecting obscure cuts from rock history.

Recommended listening: *Fresh Fruit for Rotting Vegetables (1980)*

Gaye Su Akyol: The Istanbul-based artist first started as an anthropologist and painter, but her interest in music was always apparent. She was a part of multiple bands (Mai/Toz Ve Toz/Seni Görmem İmkansız) before starting her solo career with her first studio album *Develerle Yaşıyorum (I'm Living With Camels)* in 2014. Since then she's released three more studio albums as well as one EP, each one experimenting with Anatolian rock in new ways. She's also been a voice for marginalized communities under Erdogan's rule, championing women's and LGBTQ+ rights.

Recommended listening: *İstikrarlı Hayal Hakikattir (2018)*

Hannah Cohen: While only releasing three albums since her 2012 debut, Cohen's indie-pop and contemporary folk stylings have been very popular with over two million monthly listeners on Spotify. Her latest album, recorded from 2020 to 2024 in the Catskill mountains, features Sufjan Stevens, Clairo, and more pitching in. It's easy to see where the attention comes from. Cohen's ethereal voice and laid back pop music are absolutely stunning.

Recommended listening: *Earthstar Mountain (2025)*

Jay Weinberg & Argus: Jay Weinberg is currently the drummer of Suicidal Tendencies and Infectious Grooves, though his list of credits is long (Slipknot/Against Me!/The E. Street Band/etc).. He also sat in with Gizzard multiple times on the 2024 US tour. Argus is the noise project of Nashville musician Conner Sullivan which has been active since 2016. Weinberg met Sullivan after moving to Nashville ten years ago and they have been friends since. The two have worked out a special set for the festival.

Recommended listening: *DOGS RUNNING FREE (2024)*

Jess Cornelius: After putting the Melbourne-based group Teeth & Tongue on an indefinite hiatus, Cornelius moved across the world to Los Angeles and began to work on her own solo projects, starting with the 2017 EP *Nothing Is Lost*. Her personal lyricism and tasteful indie rock songwriting make for some incredibly touching moments.

Recommended listening: [\*CARE/TAKING \(2024\)\*](#)

King Stingray: Hailing from Northeast Arnhem Land, King Stingray has been a force to be reckoned with. Their debut single "Hey Wanhaka" was released back in 2020 and since then they've released two studio albums. Their music blends modern rock and alternative with indigenous music of Australia, following in the footsteps of groups like Warumpi Band and Yothu Yindi (two founding members of King Stingray are related to members of Yothu Yindi). King Stingray opened for Gizzard on the second half of the band's 2024 US Tour, performing the Yothu Yindi song "Treaty" with them in Austin in what was described as "something for the history books" by Ambrose. Singer Yirrŋa Yunupinju recently parted ways with the group, with Ngalakan Wanambi stepping up into the role.

Recommended listening: [\*For the Dreams \(2024\)\*](#)

Memo PST: This is the punk brainchild of Chris Shaw (Ex-Cult/GØGGS/DJ Crenshaw) and Orville Neeley (Bad Sports/OBN Ills). They created the Los Angeles-based group with Daniel Clodfelter of Shark Toys and Jackson Todd, with their first release coming out on cassette in 2022. Their self-titled debut was released in 2024. They joined p(doom) and released a new single called "Puzzle Piece" earlier this year.

Recommended listening: [\*Combat LSD Demo \(2022\)\*](#)

Michael Rault: Evoking the sounds of '70s rock in the vein of Paul McCartney, 10cc and Klaatu, Rault's discography is full of joyful earworms. This is not Rault's first rodeo with King Gizzard as he had previously opened for them in 2018. In fact his second album *It's a New Day Tonight* (an album made of different odds and ends) was [inspired by the band's recurring motifs.](#)

[Recommended listening: Michael Rault \(2022\)](#)

The Mystery Lights: This band would be right at home on *Nuggets* or *Pebbles* with their '60s garage rock sound. Formed in Salinas, California in the early 2010s, The Mystery Lights would record raw demos and pass them around on handmade CDs. After a move to New York City, the group would be reborn and release their first record. While they've released four studio albums with their latest being released just last year, they may be more known for their energetic live shows with singer Mike Brandon jumping and kicking on stage.

[Recommended listening: Purgatory \(2024\)](#)

Pearl Charles: Pearl has been playing music since she was five years old, and over the years she's been part of the Driftwood Singers and Blank Tapes, a country project and garage rock band respectively. She's been releasing music on her own since 2015, with her songs incorporating elements of '70s rock, disco and country. Some tunes sound like they could be unheard Bee Gees or Donna Summer tracks while others would feel at home on an Eagles or Fleetwood Mac record.

[Recommended listening: Magic Mirror \(2021\)](#)

Reverend Baron: After making a name for himself in the skateboarding scene, Danny Garcia took the name Reverend Baron and got into music – releasing his debut album *Overpass Boy* back in 2019. His music takes from rock and soul both old and new. It's the type of music you'd want to put on as you relax, drink in hand, after a long day at work. Pure vibes.

[Recommended listening: From Anywhere \(2022\)](#)

Shannon Lay: Lay has been making music since the mid-2010s, first joining the band Facts on File before a five year run with Feels. It's her solo records, however, that caught the attention of the likes of Ty Segall and Kevin Morby.

[Recommended listening: Living Water \(2017\)](#)

Spelling: While working as an elementary school teacher, Spelling (with three Ls) would release her first material. What followed would be a string of albums with critical acclaim. Her experimentation with the genre of pop takes all types of twists and turns. Some songs like "Drain" evoke '90s grunge and alternative while "Destiny Arrives" combines synthesizers with soft guitar and mellow orchestration. Spelling will put on a solo set.

Recommended listening: [\*The Turning Wheel \(2021\)\*](#)

The Songs For Kids Band!: Based out of Atlanta, Songs For Kids is a 501(c)3 non-profit organization which provides disabled, injured, and ill children with a number of musical programs. Through them kids can learn how to play instruments, how to write music and more. They have a band as well, and over the years they've played with a number of artists such as Goose, The String Cheese Incident, and, of course, King Gizzard. This is the final stop on their tour so make sure you stop by!

If you appreciate their work: donate here!

White Fence: White Fence is the pseudonym of Tim Presley (formerly of The Fall, The Nerve Agents and Model American). The self-titled White Fence album came out in 2010, sporting a lo-fi, dreamlike rock aesthetic which permeates all of his work. While there have been six mainline studio albums, there are also two White Fence releases with Ty Segall: *Hair* and *Joy*.

Recommended listening: [\*Is Growing Faith \(2011\)\*](#)

Yvie Oddly: Oddly started her career as a drag queen in 2012 after seeing Sharon Needles' work on *RuPaul's Drag Race*. Seven years later Oddly won the eleventh season of *RuPaul's Drag Race*. Since then she's remained within the RuPaul sphere: returning for all-stars and becoming part of the *Werq the World* Tour. Her first single "Weirdo" dropped in 2019 with her debut album coming out the following year.
